## ANNUAL REVIEW AND PROPOSED REVISION OF DISTRICT 2.1.02 INVESTMENT POLICY

### RECOMMENDATION:

- A. Conduct Annual Review of District 2.1.02 Investment Policy.
- B. Approve the Proposed Revision to District 2.1.02 Investment Policy.
- C. Provide direction, if any, to District Staff on any further revisions to District 2.1.02 Investment Policy.

### FISCAL IMPACT

There are no negative or positive fiscal impacts identified at this time due to the above-referenced action.

### BACKGROUND

California Government Code Section 53646(a)(2) provides that the treasurer or chief fiscal officer of a local agency may annually prepare and submit a statement of investment policy for consideration by the Board of Directors. Board consideration and modification of such a statement shall be done at a public meeting.

### PROPOSAL

Attached for Board consideration is the existing District 2.1.02 Investment Policy with only the following revision to the Reporting Section on page 8 of the Investment Policy:

**Current:** "Each investment report shall be submitted within 30 days following the end of the period covered by the report and must also include..."

**Change to:** "Each investment report shall be submitted within 30 days following the end of the period covered by the report, but may be extended to 60 days following the end of the period covered by the report to allow for variances in Board meeting dates. The report must also include..."

## **ANALYSIS**

### **2.1.02 INVESTMENT POLICY**

The District's Investment Policy remains in compliance with Government Code Sections 53600 et seq. that regulate the District's investments and periodic reporting on investment results. There are no upcoming changes to this portion of the Government Code that would require any changes to the Investment Policy.

The language change proposed simply extends the submittal period to 60 days, which helps ensure compliance with the policy on occasions when regularly scheduled Board meetings don't take place or are too early in the month to allow for inclusion of the report in the Board packet.

Generally, the District's existing investment policy is conservative. The maximum investment maturity is limited to five years. The District policy is more restrictive than what the Government Code allows by continuing to prohibit:

- Repurchase and reverse repurchase agreements
- Stocks
- Derivatives, including options and futures
- Buying on margin

The Board, on a case-by-case basis, may consider the use of such investment types in the future if it chose to do so.

This letter has been reviewed by VRSD legal counsel as to form.
